Instructions

Payments Subject to Vermont Income Tax Withholding

Wages, pensions, annuities, and other payments are generally subject to Vermont income tax withholding if the payments are subject to federal tax withholding and the payments are made to:

1. a Vermont resident or
2. a nonresident of Vermont for services performed in Vermont.

For further information on wages or payments subject to federal withholding tax, [see IRS Publication 15 \(Circular E\)](https://www.irs.gov/pub/irs-pdf/p15.pdf) (www.irs.gov/pub/irs-pdf/p15.pdf).

How Vermont Income Tax Withholding is Calculated

The Vermont Income Tax Withholding is calculated similarly to the federal withholding by using the Vermont withholding tables or wage bracket charts. The filing status, number of withholding allowances, and any extra withholding for each pay period are determined from the employee's Form W-4VT, Vermont Employee's Withholding Allowance Certificate.

Employees who have adjusted their federal withholding in anticipation of a credit(s) and employees in civil unions or civil marriages will not have the correct Vermont tax withheld unless they complete form W-4VT.

An employer may use the information from federal form W-4 if a Vermont form is not submitted, but there is a possibility that not enough tax will be withheld. This could result in a tax liability or tax owed when employees file their taxes. If federal form W-4 indicates an additional amount of federal withholding for each pay period on Line 6, Vermont's withholding should be increased by 30% of the extra federal withholding.

Employees should complete or update form W-4VT. The Department strongly recommends that employers require their employees to complete or update form W-4VT.

Adjustments for Services Not Performed in Vermont

Nonresidents: When an employee is not a Vermont resident and works in Vermont and another state during a payroll period, compute the tax on the full payment and then multiply the ratio of Vermont hours to total hours. For example, a nonresident employee worked in Vermont for 16 hours during a 40-hour pay period. If the Vermont withholding on the wages for the entire 40 hours is \$48.00, the Vermont withholding for the 16 hours is:

Calculation: $\$48.00 \times 16/40 = \19.20

Residents: If a payment to a Vermont resident includes payment for services performed outside this state, the withholding is computed on the full payment, then reduced by the income tax withheld for the state where services were performed. An employee who moves into Vermont during a tax year is considered a resident for withholding purposes.

Civil Unions or Civil Marriages

Vermont withholding for employees who are partners in civil unions or civil marriages is determined by the filing status of the employee - either married filing joint or married filing separate. The Vermont taxable wages may differ from the federal wages due to the treatment of fringe benefits affecting the employee's partner.

For the purpose of treating a cafeteria plan payment as pretax or imputing income from an employer-paid benefit, the federal rules for the payment are applied for state purposes as though the employee's partner is a spouse.

Note: This applies only to civil unions and civil marriages, not to domestic partnership arrangements.

Child Care Contribution

Employers must pay a 0.44% payroll tax, the Child Care Contribution (CCC), on their employees' wages paid on or after July 1, 2024, to the Department. All wages as defined under Section 3401 of the Internal Revenue Code that are subject to Vermont income tax withholding are also subject to the 0.44% CCC. For example, wages paid for work physically performed in Vermont (whether at a Vermont job site or from an employee's Vermont remote work location) are subject to both Vermont income tax withholding and the CCC. For employers, contributions are paid in the same manner and frequency as withholding.

Wages for which Vermont income tax withholding is not required, such as wages paid in connection with work physically performed outside of Vermont and paid by an out-of-state employer, are not subject to the CCC. An employer who voluntarily withholds and remits Vermont income tax for such wages as a courtesy to its Vermont-resident employees is not required to remit CCC on those wages.

[Visit our Child Care Contribution webpage to learn more about the CCC and how it is calculated](https://tax.vermont.gov/business/child-care-contribution) (tax.vermont.gov/business/child-care-contribution).

Annuities, Supplemental Payments, and Deferred Compensation Payments

You must withhold Vermont income tax on payments to Vermont residents when federal withholding is required. Vermont withholding is also required where the recipient elects optional federal withholding and does not specifically state that the payment is exempt from Vermont withholding.

For periodic payments, the tax is computed using the Vermont wage charts or tables. For non-periodic payments, the Vermont withholding can be estimated at 30% of the federal withholding. In all cases, the taxpayer is responsible for ensuring the correct amount is withheld to avoid underpayment of the Vermont tax liability.

Payments Under a Non-Qualified Deferred Compensation Plan

When a person makes a payment previously deferred under a non-qualified deferred compensation plan, the correct withholding rate is 6% of the deferred payment. The withholding is based on both the deferred payment and any income that may be derived from the deferred compensation.

Reporting and Remitting Vermont Income Tax Withheld

If you pay wages or make payments to Vermont income tax withholding, you must register with the Vermont Department of Taxes for a withholding account. You may [register through myVTax](https://myvtax.vermont.gov) (myvtax.vermont.gov) or using [Form BR-400, Application for a Business Tax Account](https://tax.vermont.gov/sites/tax/files/documents/BR-400.pdf) (tax.vermont.gov/sites/tax/files/documents/BR-400.pdf).

The department will determine your filing frequency based on your annual withholding totals. You may file your returns and pay the tax due online [through myVTax](https://myvtax.vermont.gov) (myvtax.vermont.gov) or you may file using paper forms available on our website.

Filing Forms W-2 and/or 1099

All employers are required to [file Form WHT-434, Annual Withholding Reconciliation](https://tax.vermont.gov/sites/tax/files/documents/WHT-434.pdf) (tax.vermont.gov/sites/tax/files/documents/WHT-434.pdf) by January 31 each year. This form serves as the transmittal for forms W-2 and/or 1099 and reconciles the amount of Vermont income tax withholding reported during the previous year to the amount of withholding tax shown on the W-2 and/or 1099 forms. Form WHT-434 and Forms W-2 and 1099 may be [filed through myVTax](https://myvtax.vermont.gov) (myvtax.vermont.gov).

Electronic filing is required for form WHT-434 and the accompanying forms for all employers who will submit 10 or more W-2 and/or 1099 forms. Payroll filing services must submit all filings electronically.

Combined Fed/State Program

The Vermont Department of Taxes no longer participates in the Combined Fed/State program for submitting W-2 and 1099 forms with the IRS. You must file these forms directly with the department.

*use wages after subtracting withholding allowances (one withholding allowance equals \$20.77)

INSTRUCTIONS FOR USING TABLES

EXAMPLE

1. Locate the correct table for your payroll frequency. Note the amount of one payroll allowance listed at the bottom of the table.

An employee is paid \$1800 each week. Her W-4VT form claims two withholding allowances and married status. Her state withholding is computed from the WEEKLY/Married table on the previous page.

2. Multiply the amount of one allowance by the number of allowances claimed by the employee on form W-4VT. Subtract this amount from the amount of payment.

Her total withholding allowance is: $2 \times \$103.85 = \207.70 .
Her wages (after allowances) are: $\$1800 - \$207.70 = \$1592.30$.
Because \$1592.30 falls between \$226 and \$1855, the tax is computed as \$0.00 plus 3.35% of the amount over \$226.

3. Compute the Vermont tax on the amount from step #2, using the table.

$\$1592.30 - 226.00 = \1366.30
 $\$1366.30 \times 0.0335 = \45.77
 $\$45.77 + 0.00 = \45.77
Vermont withholding is \$45.77.
